## SENATE BILL

**No. 560**

**Introduced by Senator Migden**

February 18, 2005

---

An act relating to career technical education.

### LEGISLATIVE COUNSEL'S DIGEST

SB 560, as amended, Migden. Career technical education: school district reporting.

Existing law requires school districts to adopt a course of study for grades 7 to 12, inclusive, that includes, among other things, career technical education.

This bill would require a school district offering grades 9 to 12, inclusive, that discontinued any career technical education courses or closed any career technical education facilities during the 2002–03, 2003–04, 2004–05, or 2005–06 school years, to submit to the State Department of Education a report on those discontinued courses and closed facilities, as specified, ~~thereby creating a state-mandated local program~~ *if the school district is required to provide the data as a condition of receiving career technology facility modernization funding made available by a bond act adopted after January 1, 2007. This bill would require the department to develop and post on its Internet Web site a document that school districts may use to report the required data online.* The bill would require the department, by January 1, 2009, to summarize the reports and submit a report of its summary to the Legislature.

~~The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.~~

~~This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: ~~yes~~ no.

*The people of the State of California do enact as follows:*

1 SECTION 1. (a) A school district offering grades 9 to 12,  
2 inclusive, that discontinued any career technical education courses  
3 or closed any career technical education facilities during the
